

# MUSIC RESOURCE CENTER - CINCINNATI

## Needs Your Help!

### Do you have...

Music equipment laying around your house that you're not using?

Old microphones, guitars, amps, drums, cables, anything you can get rid of?

### Would you like to...

Do something good for your community?

Get a tax deduction just by getting rid of your old junk?

### Who are we?

The Music Resource Center – Cincinnati will be a non-profit, multifaceted teen center for music education that will use recording and performing arts, as well as life skills mentoring, to create a sense of empowerment and accomplishment in the urban community.

The mission of MRC-Cinci is to educate and inspire young people and through music, equip them with life skills for the future. This mission, as well as our philosophy, will be the same as the original Music Resource Center, which is located in Charlottesville, VA and has been open since 1995.

We will accomplish our mission by utilizing music education and performance experiences, both of which create opportunities to teach important life skills, while simultaneously providing a safe alternative to the streets.

### How can you help?

We are always on the lookout for any gear we can find - guitars, mics, amplifiers, cables, stands, strings, processors, speakers... if sound can come from it, pass through it, or come out of it, we'd love to have it. If you have anything you would like to donate please contact us via phone or E-mail as listed below. If you don't have anything to donate but would still like to help we also accept monetary donations. As a non-profit organization, we will be able to provide the documentation needed to make your donation tax deductible. For more information please visit our website listed below.
